

## English & Science Elementary School Teacher in Mexico

### Job Summary

As an English & Science teacher, you will have the extraordinary opportunity to teach English as a second language and Science to first-grade elementary students at Colegio J Beckmann, in Tequila, Jalisco, in Mexico. Colegio J Beckmann is a tuition-free, private school open to all students; it is part of SER, a Mexican network of schools inspired in the KIPP charter school model in the United States. Following the KIPP philosophy and structure, schools are united by a common mission, a commitment to excellence, and a belief that if we help children develop the academic and character strengths they need for college and choice filled lives, they will be able to build a better tomorrow for themselves, for the communities, and for us all.

### Job Responsibilities

- Along with the School leader and the Board of directors, design the English and Science curricula. Such curricula will be vocabulary and activity based, with a focus on children developing English communication skills.
- Create daily lesson plans that are engaging, educational and exciting for the kids.
- Deliver lesson plans in a way that catches the attention of the students and keeps them occupied and excited about learning.
- Set clear goals for English language and science knowledge acquisition, and continuously assess academic progress. Inform the school leader and the Board of directors of such progress.

### Job Skills & Requirements

#### Required:

- Native English speaker
- Bachelor's degree in education and/or English
- Teaching Knowledge Test (TKT) or equivalent
- Passion for science subjects
- Ability to learn new skills and teaching methods
- Curriculum development knowledge is required
- Possess highly developed interpersonal and teamwork skills
- Excellent verbal and written English skills

#### Preferred:

- 3-year Elementary Teaching experience
- Organized, capable and able to multitask
